Timestamping

ETSI Time-Stamping Standards

Signatures and Seals

eIDAS, Signatures & Seals

Legal differences addressed by common technical solution:

Electronic signature is for *natural* persons

eIDAS Art. 3(10) "data in electronic form, which is attached to or logically associated with other data in electronic form and which is used by the signatory to sign"

- (a) uniquely linked to the signatory;
- (b) capable of identifying the signatory;
- (c) created [...] with a high level of confidence, use under his sole control; and
- (d) linked [...] in such a way that any subsequent change in the data is detectable.

Electronic seal is for *legal* persons

eIDAS Art. 3(25) "data in electronic form, which is attached to or logically associated with other data in electronic form to

ensure the latter's (electronic data) origin and integrity"

- (a) uniquely linked to the creator of the seal;
- (b) capable of identifying the creator of the seal;
- (c) created [...] with a high level of confidence under its control, use for electronic seal creation; and
- (d) linked [...] in such a way that any subsequent change in the data is detectable.

Signature Formats for Advanced / Qualified Electronic Signatures / seals

- ♥ ETSI EN 319 162: ASiC Associated Signature Container for ZIP package with signature

Signature Enhanced Services

Signature Enhanced Trust Services

Signatures: Remote Signing

♥ ETSI TS 119 431-1

Policy and Security Requirements for TSP Service Components Operating a Remote QSCD / SCD

♥ ETSI TS 119 431-2

Policy and Security Requirements for TSP Service Components Supporting AdES Digital Signature Creation

∀ ETSI TS 119 432

Protocols for Remote Digital Signature Creation

Trust services issuing certificates: Scope of Remote Signing Standards

Signatures: Validation – cloud based signature validation

♥ ETSI TS 119 441

Policy requirements for TSP providing signature validation services

♥ ETSI TS 119 442

Protocol profiles for trust service providers providing AdES digital signature validation services

Signatures: Preservation Services

2019-2020-2021-2022-2023-2024-2025...

♥ ETSI TS 119 511

Policy and security requirements for trust service providers providing long-term preservation of digital signatures or general data using digital signature techniques (draft)

Protocols for trust service providers providing long-term data preservation services (draft)

Electronic Registered Delivery & REM

Electronic Registered Delivery (ERDS) and Registered Electronic Mail (REM)

Electronic Registered Delivery Services (ERDS)

♥ ETSI EN 319 532

Registered Electronic Mail (REM) Services (Supersedes ETSI TS 102 640)

♥ ETSI EN 319 521

Policy and Security Requirements for Electronic Registered Delivery Service Providers

♥ ETSI EN 319 531

Policy and Security Requirements for Registered Electronic Mail Service Providers

Electronic Registered Delivery (ERDS) and Registered Electronic Mail (REM)

Denotes a path from general requirements, common to any ERDS, to requirements that are specific ONLY to REM services and REM services providers.

TS 119 524 Testing Conformance and Interoperability of Electronic Registered Delivery Services
TS 119 534 Testing Conformance and Interoperability of Registered Electronic Mail Services
TR 119 500 Business Driven Guidance for Trust Application Service Providers

Conformity Assessment

Basis for EN 319 403 TSP Audit Requirements

Primary reference:

- - Establishing a set of third party requirements against which a high degree of confidence and trust can be established by impartial and competent demonstration of fulfilment of those requirements

Additional requirements incorporated from:

ETSI EN 319 403: TSP Conformity Assessment Model

New Supplements to EN 319 403 on specific TSP Audit Requirements

TS 119 403-2: Part 2: Additional requirements for Conformity Assessment **Bodies auditing Trust Service Providers that issue Publicly-Trusted** Certificates (e.g. as in CA/Browser Forum)

- Annual audit (versus bi-annually for eIDAS)
- Audit covers period of time since last audit
- Audit attestation requirements fitting web browser requirements

TS 119 403-3: Additional Requirements for CABs Assessing QTSPs against the eIDAS Regulation Requirements

- Auditor capabilities to carry out audits under eIDAS
- Required details included in conformity assessment report

Trusted Lists

Trusted Lists defined by eIDAS

elDAS Section 3 Article 22

Each EU Member State has an obligation to establish, maintain and publish trusted lists, including information related to the qualified trust service providers for which they are responsible, together with information related to the qualified trust services provided by them. The lists are to be published in a secured manner, electronically signed or sealed in a form suitable for automated processing.

<u>ec.europa.eu/digital-single-market/en/eu-trusted-lists-trust-service-</u> providers
